

Bunsen Air Controller

Cover	Cold Rolled Steel
Chassis Base	Galvanised Steel
Dual Panel Thermal Power (Max)	2690w
Consumption (Rated)	444w
Sound Level	<41 dBa
Power Supply	230-50 V/Hz
Operating Current (Max)	13 amps
Pre-set Water Temperature	53°C
Maximum Water Temperature	60°C
Hydraulic Connection (Inlet/Outlet)	3/4" - 3/4"
Max Operating Water Pressure	8 Bar
Operating Temperature Range	-8 ~ 40 °C
Refrigerant Connection (Inlet/Outlet)	3/8" - 1/4"
Refrigerant Charge (134A)	1400g
Disinfection Cycle (Auto)	Weekly
Protection	IP21
Dimensions	500x400x260 mm
Weight (Pre-Charged)	39 Kg
Warranty	2 years

Bunsen Air Panels

Material	Aluminium
Finish	Powder Coated
Material Thickness	2mm
Height	2000mm
Width	800mm
Frame Depth	25mm
Pre-Drilled Fixing points	6
Weight	8.9kg
Panel Design	Patent Pending
Warranty	10 years
